North Carolina Consortium for Clinical Education & Practice

Faculty Onboarding Checklist (Adapted from Eastern CCEP)

The elements as specified here on the *CCEP Clinical Passport* document serve as the minimum requirements for health science faculty participation in a clinical setting of the participating agencies. This list represents the highest standards as evaluated by the CCEP Committee. Note that clinical agency contracts/agreements may specify additional requirements based upon regulations established by that agency or health system. <https://www.cdc.gov/vaccines/schedules/index.html>

Universal Credentialing Requirements (for the PASSPORT)

1. AHA BLS- Provider- CPR Training (if applicable)	Approved course is American Heart Association Basic Life Support Provider course.
2. Professional Liability Insurance	Per agency contractual agreement requirement Minimum of \$1 million per incident and \$3 million aggregate
3. Background Check (on hire) <ul style="list-style-type: none"> Social Security Number Trace NC Statewide Criminal Record Search (7 years) County Court Criminal Conviction Search (7 years) (if resided outside of NC) National Sex offender Database Search Office of Inspector General (OIG) Office of Foreign Assets Control (OFAC) General Services Administration (GSA) <p><i>Note: The assigned agency does not arrange nor cover this cost.</i></p>	<p>Upon hire.</p> <p>Repeat: Per agency contractual agreement requirement</p> <p>Notify school if there has been a change in status including charges or convictions within 5 days or per school contract</p> <p>TJC information and requirements for CBC and health screenings: https://www.jointcommission.org/standards_information/icaqdetails.aspx?StandardsFagId=1329&ProgramId=46</p> <p>TJC information on competencies: https://www.jointcommission.org/standards_information/icaqdetails.aspx?StandardsFagId=900&ProgramId=46</p> <p>TJC information on verification: https://www.jointcommission.org/standards_information/icaqdetails.aspx?StandardsFagId=1325&ProgramId=46</p>
4. Drug Screen (urine) Upon hire, per agency contract/agreement, or with cause. <i>Note: UNC Hospitals require an * expanded drug screen (see clinical agreements/contract for requirements).</i>	<p>On hire, per agency contract/agreement, or with cause.</p> <p>Amphetamine, Methamphetamine, Barbiturates, Benzodiazepines, THC, Cocaine, Opiates, Methadone, Oxycodone, Propoxyphene, PCP, MDMA (Ecstasy)</p> <p>* Fentanyl, Methaqualone, Extended Opiates, Phencyclidine, Marijuana Metabolite</p>
5. Required Immunizations:	<i>Current CDC recommendations</i>
Type:	Requirement:
✓ Measles	✓ 2 doses or positive titer
✓ Mumps	✓ 2 doses or positive titer
✓ Rubella	✓ 2 doses or positive titer
✓ Varicella	✓ 2 doses or positive titer
✓ Tetanus/Diphtheria/ (Tdap)	✓ 1 dose Tdap, then Td booster every 10 yr.
✓ Hepatitis B (HBV) Series ✓ Heplisav-B 2 doses 4 weeks apart or ✓ Positive Titer	✓ Energix-B or Recombivax B 3 doses or positive titer If incomplete series, then ✓ Heplisav-B 2 doses 4 weeks apart or ✓ Positive Titer <i>For declination or waiver, a copy must be on file at the school and/or be approved by the facility or agency.</i>
✓ COVID-19 Vaccinations include manufacturer, lot#	✓ Complete per academic or clinical facility requirements
✓ Influenza	✓ Annual - Fall See Academic/Agency guidelines "Optimally, vaccination should occur before onset of influenza activity in the community. Health care providers should offer vaccination by the end of October" on the Influenza Vaccination Information for Health Care Workers' page https://www.cdc.gov/flu/professionals/healthcareworkers.htm
✓ Tuberculosis Screening (https://www.cdc.gov/tb/topic/testing/healthcareworkers.htm) Baseline Individual TB Risk Assessment including TB symptom evaluation, and either a 2-step TB skin test (given 1-3 weeks apart) or a TB blood test upon hire . If a faculty member has had a positive TB skin test in the past, such as due to TB exposure or infection or receiving the BCG vaccine, documentation of a chest x-ray for the + test will be required along with the Baseline Individual TB Risk Assessment and TB symptom evaluation. • Faculty members are no longer required to get annual TB skin tests unless there is a known exposure or ongoing transmission at a healthcare facility. • Faculty will receive annual TB education via the Core Orientation	✓ Baseline Individual TB Risk Assessment ✓ Baseline TB Symptom Assessment ✓ 2-step TB skin test (given 1-3 weeks apart) OR TB Blood Test ✓ Documentation of a chest x-ray is required for a past + PPD or blood test. If current +PPD or blood test, additional evaluation for TB disease will be required as deemed necessary from a healthcare provider. ✓ Annual TB education and risk assessment

Official documentation of all requirements must be kept by the school program or by the vendor contracted for electronic documentation.
